Terms and Conditions:

- Applicable for the US Market only. Prices listed in USD.
- For Canadian requests, please visit datavisual.ca/barco-clickshare-trade-in-program-new/
- Partner must be part of Barco Connect! Program
- All trade-ins must be registered through our trade in portal. All submission requires complete end user information as well as serial numbers of the units to be traded in
- Authorized Barco ClickShare distributor will sell the new units at a discount upon approval
- Partner must return the trade in units to Barco within 30 days of approval. Barco will accept certificate of recycling listing the serial numbers of the base units.
- Program is subject to change without notice

Trade In Process

Step 1: Promote the Trade In Program

Promote the ClickShare Trade In Program to your customers and sell or order one or more CSE-200, CSE-200+, CSE-800, CX-20, CX-30 and/or CX-50 units.

Step 2: Complete the Trade In Registration

Complete the online trade in claim registration form at www.barco.com/tradein. Enter the end user's information including the serial numbers of the products to be traded in. A maximum of 10 units per form may be entered at one time. If you have more, please let us know.

Step 3: Receive a Quote

Barco will validate the trade in claim within 72 hours.

Once validated, your distributor will be notified and they will send you a quote as well as a shipping label for the traded-in products to be shipped back to Barco. You will also see the TIPR (Trade In Product Registration) number from us in the quote. If you can't see it, please ask us at us.connect@barco.com.

The quote you receive from your distributor will include the discount on the new products based on the trade in value.

Step 4: Proceed with your purchase and installation

Step 5: Recycle the Used Product

Return the traded in products using the shipping labels we provide or recycle them at your local facility. If you recycle or destroy locally, ensure that you receive a certificate of recycling from the facility, or proof that it has been destroyed. Please send this certificate to us.connect@barco.com noting the TIPR number that you receive from us.
