

weConnect

weConnect is a subscription-based software solution designed for teaching/training & learning needs across the entire campus or company, whether on-site or online.

Integrating with the devices of your choice, people connect remotely or on site. Purpose-built, weConnect enhances learning outcomes through better engagement without boundaries.

- **Teach & train online, just like you are used to**
- **Fully connected, even remote**
- **Higher engagement rate, for all**
- **Innovate the learning experience, in practice**
- **Increase ROI with future proof software**

The weConnect subscription includes:

- weConnect license (SaaS solution)
- Barco Red Boxes (Networked computing nodes): their number depends on seats. Additional units can be required for larger setups
- Communication plan per seat/per year (100 hours, 300 hours, unlimited)

The weConnect service program offers:

- Hardware coverage (Barco Red Boxes)
- Remote diagnosis and assistance
- Expert coaching and guidance

General information:

- Access via web browser (Google Chrome)
- System language: English
- Available on desktop and tablet

System security:

- Solution Secure by design
- SOC 2 environment
- Secured authentications protocols (AD, SAML, 2FA)
- Highly secure session ID – 84Bits entropy
- Secured network integration procedure

Product features

weConnect
