## Upgrade and extend

All Barco products are covered by a comprehensive standard warranty. But with EssentialCare you can reach out to our helpdesk with all your questions concerning your Barco product. If necessary, we'll swap the defective part or you can ship the unit back to us for inspection and repair.

With Barco EssentialCare you can be sure of maximum uptime and minimum maintenance costs, and protect your projector investment.

You can choose to upgrade and extend that standard coverage with a **five-year EssentialCare** maintenance contract starting from the purchase date of your device.

You can also **add multiple years of EssentialCare** coverage after the existing warranty at any point in time after the projector has been purchased.
